

Everyone is invited!

2018 Wetland Project Open House Logan Lake

Location: Meadow Creek Golf Course

Saturday, September 15th, 2018

10:00 am – 2:00 p.m.

The Logan Lake Enhancement Working Group in partnership with BCIT, Ecological Restoration staff, students and District of Logan Lake have supported the restoring/creating wetlands on the Meadow Creek Golf Course. They are improving water quality downstream in Logan Lake and creating valuable habitat for wildlife in the area.

- Take part in a walking tour, presented by enthusiastic student guides, to learn about restoration techniques, water quality, aquatic bugs, plants and animals that live in and around wetlands.
- Listen to Thomas Biebighauser, a renowned wetland specialist who has designed over 5,000 wetlands, deliver an informative wetland talk at 1:00 pm in the clubhouse.

Ample parking is available across from the Meadow Creek Golf Course Club House
Saturday, September 15 – 10:00 am - 2:00 pm • see you there!
