What is the session about?

Join us for a [Small and Medium Sized Business Grant Recovery Program information session](#) to learn more about this fully funded grant program available to eligible businesses in B.C., to ensure they have the support they need during and beyond COVID-19.

This webinar is for business owners, industry associations and support organizations to get into the nitty gritty of how it works. Join program staff to see if your business or businesses in your community are eligible, learn some tips to applying and speeding up the process, and dig into the recovery plan and activities that qualify for funding. We will cover the two step process, including the application process and how to apply, along with the recovery plan and how to complete it.

A Q&A session will follow the presentation to answer any specific questions.
